DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

A substitute specification minus the claims is required pursuant to 37 CFR 1.125(a) because no “clean” copy of the final version of the specification has been filed in this case.

A substitute specification filed under 37 CFR 1.125(a) must only contain subject matter from the original specification and any previously entered amendment under 37 CFR 1.121. If the substitute specification contains additional subject matter not of record, the substitute specification must be filed under 37 CFR 1.125(b) and (c)

The interlineations or cancellations made in the specification or amendments to the claims could lead to confusion and mistake during the issue and printing processes. Accordingly, the specification is required to be rewritten before passing the case to issue. See 37 CFR 1.125 and MPEP § 608.01(q).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
